

## IN THE NAME OF ALLĀH, THE ALL-MERCIFUL, THE ALL-COMPASSINATE

**-The occurrence of a series of incidences related to the Islamic Revolution, the Islamic Re-awakening, and the Arba`īn (40<sup>th</sup>) of Imam Ḥusayn (a.s) during these years indicates a massive spiritual development in the world.**

### **What is your analysis of this divine movement?**

Wa Alaikum Salaam Dear Brothers,  
Thanks for the info and the project you're involved in for the noble Arbeyeen in the Holy land of Karbala.

I will not be a participant this year.

However I will be participating in an Arbeyeen Majlis in Colombo as in the previous years.

The greatest achievement of the Islamic Revolution in Iran, which culminated in the the establishment of the Islamic republic of Iran in 1979 or 37 years ago; is the establishment of a Shia community in Sri Lanka, which had no history in Sri Lanka before the Islamic Revolution in Iran. All Praise Be To Allah.

As Imam Khomeini (RA) said, that the Islamic Revolution wouldn't have been successful if not for the movement of Ashura of Imam HussainAS; like wise if not for the movement of Imam Khomeini RA, there wouldn't have been a phenomena of Shiaism in SriLanka or revivalism of Shiaism the world over.

So the oppressed masses the world over in general and the Muslims in particular are greatly indebted to the Great Mujtahid of the present era; the sage of the age Imam Ruhullah Al Musavi Al Khomeini RA; for awakening the Mostazafeen from their deep slumber.

The same way Imam Hussain (AS)'s uprisings made it possible to differentiate between the forces of Truth and the forces of evil, then; likewise the Islamic Revolution in Iran made us to know the truth from falsehood; to appreciate pure Mohammedan Islam from the Yazeedi (American/Wahhabi) Islam.

Hence we see that the Islamic Revolution in Iran as a continuation of the movement of Imam Hussain (AS); and the continuation of this movement through the marking of this movement through Ashura and Arbayeen, the world over; Insha Allah; were hope and pray; would culminate with the revolution of Imam Al Asr, Imam Mahdi AS.

Jazzakh Allah

Wassalam
